THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – AUGUST, 2021

Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

- 1..a) Explain the degree of burns and stages of burns=7+8=15m  
b) Describe immediate management of a patient with burns.
- 2..Mr Rahul 25 years got admitted in the hospital with diagnosis of meningitis=3+4+8=15m
  - a) What are the clinical features of meningitis?
  - b) Enumerate the management and complications of Meningitis.
  - c) Prepare a nursing care plan for Mr. Rahul
- 3..a) List the warning signs of cancer=2+8+5=15m
  - b) Briefly explain the modalities of treatment for patient with cancer
  - c) Explain the role of a nurse in palliative care

Write short notes on any FIVE of the following:5 x 5 =25m

- 4..Explain tracheotomy care
- 5..What is deafness? Describe different types of deafness.
- 6..Explain post operative nursing management of cataract
- 7..Steps of breast self examination
- 8..Describe the clinical features of head injury
- 9..Explain causes of epilepsy
- 10..Bone marrow transplantation

Write Brief Answers on the following: 10 x 2 =20m

- 11..Explain the clinical features in Parkinson's disease
- 12..Define Pap smear. List the indications for Pap smear
- 13..What is stem cell therapy?
- 14..Define Disaster and mention the types
- 15..What is mammography and list the indications for mammography
- 16..Define prosthesis
- 17..List the principles of Critical care
- 18..Define Quinsy?
- 19..Define Bell's palsy
- 20..Define infertility. List the causes of infertility.

**Q.P. CODE:341-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**

THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – FEBRUARY, 2021

Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15=30m

- 1..Mr. Ganesh admitted in casualty with Head Injury=2+4+9m
  - a) Define Head Injury
  - b) List the Clinical manifestations of Head Injury.
  - c) Write the management of patient with injury.
- 2..Mr. Prasad 45 years is admitted with complaints of eye pain and blurred vision and was diagnosed as glaucoma=2+4+9=15m
  - a) What is glaucoma?
  - b) Enumerate the different types of glaucoma.
  - c) Explain the medical and surgical management of Glaucoma
- 3..a) Explain the various types of radiotherapy=5+3+7=15m

b) List the side effects of radiotherapy

c) Write a health education plan to be discussed with a patient undergoing radiotherapy.

Write short notes on any FIVE of the following: 5 x 5 =25m

- |  |   |
|--|---|
| 4..Nursing care of unconscious patient | 5..Principles of critical care nursing        |
| 6..CPR                                 | 7..Care during Post traumatic stress disorder |
| 8..Gullian Barre Syndrome              | 9..Palliative care                            |
| 10..Complications of Burns             |   |

Write Brief Answers on the following: 10 x 2 =20m

- |                                  |   |
|----------------------------------|---|
| 11..Define is Paraplegia         | 12..Enlist the indications of Lumber Puncture     |
| 13..Define Snellen's Chart       | 14..List the Cranial Nerves                       |
| 15..Define gene therapy          | 16..Name the different colour codes during triage |
| 17..Define Rule of nine          | 18..Differentiate urethrocele and rectocele       |
| 19..List the causes for abortion | 20..Expand CAUTION                                |

**Q.P. CODE:341-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**

THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2019

Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

1..Mrs. Mona 30 years old lady is admitted with 70% burns to the Burns

Ward:=3+5+3+4=15m

- Define Burns and its classification.
- Discuss the types of flaps and grafts.
- Enlist the complications of Burns injury.
- Prepare a Nursing Care Plan for Mrs. Mona for the first 24 hours of admission to the

the

Burns Unit.

2..Mrs. Bindhu, a 45 years lady is admitted with cancer of left breast=3+4+5+3=15m

- Explain the TNM classification of Cancer.
- List the clinical manifestations and the measures to diagnose breast cancer.
- Discuss the medical and surgical management of breast cancer.
- Explain the post operative care of Mrs. Bindhu.

3..a) Define Otitis Media=2+ 5+8=15m

- Explain the types and signs and symptoms of otitis media.
- Explain the aural surgical procedures and rehabilitation of a hearing impaired patient

Write short notes on any FIVE of the following: 5 x 5 =25m

- |  |   |
|--|---|
| 4..Physical set up of intensive care unit                | 5..Retinal detachment                               |
| 6..Oxygen delivery devices                               | 7..Ovarian cyst                                     |
| 8..Multiple myeloma                                      | 9..Explain the Classification of Chemotherapy Drugs |
| 10..Enumerate the management of patient with head injury |   |

Write Brief Answers on the following: 10 x 2=20m

- Enumerate the Robson's system of staging in renal cancer
- Enlist the advantages of Hematopoietic Stem Cell Transplantation
- Enumerate the clinical features of Endometriosis
- List the types of

Disaster

15..List out any two types of poisoning and the drugs used in it      16..Define Meniere's disease

17..Enumerate any two surgical interventions of cataract      18..Any four antiepileptic drugs

19..Enumerate Steps of CPR      20..Define Transitional care

**Q.P. CODE:341-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**

**THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2019**

**Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75**

Write an essay on any TWO of the following=2 X 15 =30m

1..a) Write the causes and classification of Glaucoma  
b) Explain the diagnostic test in Glaucoma  
c) Plan a post operative nursing care for a patient who had undergone eye surgery=3+4+8=15m

2..a) Define Leukemia=7+8=15m      b) Discuss the types and clinical management of Leukemia

c) Write in detail the Management of Patient with Leukemia

3..a) Define Cerebro vascular accident=2+8+5=15m

b) Discuss the types and Pathophysiology of CVA

c) Explain the treatment options and nursing care plan for a patient with CVA

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Principles of critical care nursing

5..Explain the Crisis Intervention

6..Theories of Aging

7..Explain Otitis Media

8..Explain the Refractive Errors

9..Describe abnormal uterine bleeding

10..Self examination of Breast

Write Brief Answers on the following: 10 x 2 =20m

11..List down four occupational health disorders      12..Name the types of Disaster

13..Specify two Surgical Managements for Stomach Cancer

14..List down the components of Neurological Examination

15..List down the types of Seizure

16..List down the cardiac emergencies

17..Define Frost Bite

18..Mention the age related Musculoskeletal changes

19..Enumerate Post Operative complications of Tonsillectomy

20..List down the equipments in CCU

**Q.P. CODE:341-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**

**THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2018**

**MEDICAL SURGICAL NURSING-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75**

Write an essay on any TWO of the following:2 X 15 =30m

1..a) Define Burns=2+2+5+6=15m

b) List out the classifications of burns

c) Explain in detail the pathophysiology of burns

d) Discuss the emergency management of patient with 45% of burns

2..a) Define Cerebro Vascular Accident=2+5+8=15m

b) Discuss the pathophysiology of CVA.

- c) Explain in detail the nursing care of the patient with CVA.
- 3..a) Mention the TNM classification of Cancer=3+7+5=15m
- b) List out the clinical manifestations and management including post operative exercise of  
Cancer Breast.

c) Draw a nursing care plan for Cancer Breast.

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Otosclerosis      5..Ocular emergencies      6..Chemotherapy      7..Lumbar puncture  
8..Cardio Pulmonary Resuscitation      9..Tracheostomy care  
10..Legal and ethical issue pertaining to Geriatric Care

Write Brief Answers on the following: 10 x 2 =20m

- 11..State the types of contraception      12..List down the types of poisoning  
13..Define Endometriosis      14..List the types of Disaster  
15..List the aspects of neurological assessment      16..Define Myasthenia gravis  
17..Define Metrorrhagia      18..Name two types of Hearing loss  
19..Define Evisceration      20..Name the theories of ageing

==

THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2017  
Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75**

Write an essay on any TWO of the following: 2 X 15 =30m

- 1..a) Define Otitis media=2+4+9=15m  
b) Explain the types and signs and symptoms of otitis media.  
c) Explain the aural surgical procedures and rehabilitation of a hearing impaired patient.
- 2..a) Explain the theories of ageing and age related musculoskeletal and cardio vascular changes.  
b) Explain the role of a nurse in the care of elderly=7+8=15m
- 3..Mr. Ramu 56 years old is admitted to neuro medical ward with right sided hemiplegia=2+5+8  
a) Define cerebro vascular accident (CVA)  
b) List the causes and explain the clinical features of CVA  
c) Explain the management of Mr. Ramu

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Retinal detachment      5..Premenstrual Syndrome      6..Assessment of burn area  
7..Radiation therapy      8..Management of patient with increased intracranial pressure  
9..Treatment modalities for cataract      10..Organization of critical care unit

Write Brief Answers on the following: 10 x 2 =20m

- 11..Enlist the management of patient with heat stroke      12..Enumerate the causes of

cataract

13..Define encephalitis

15..Enlist the types of reconstructive surgery

17..List the types of disaster cancer

19..Name the drugs used in epilepsy

14..Define Papsmear

16..Define Quinsy

18..Enumerate the warning signs of

20..Name the drugs used in pain

**Q.P. CODE:341-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**

**THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2017**

**Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75**

Write an essay on any TWO of the following=2 X 15=30m

1..a) Mention the stages of Seizure=2+6+7=15m

b) Describe the medical management of seizure.

Write Nursing care of patient with Seizure based on nursing process.

2..a) Enlist causes, pathophysiology and clinical manifestations of Meniere's Disease=7+8

b) Write the post-operative management of a patient with Meniere's Disease.

3..a) Define cataract=2+5+8=15m

b) List out the types and clinical manifestations of cataract

c) Explain about perioperative management of cataract

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Principles of critical care nursing

5..Hospice care

6..National Blindness Control Programme

7..Care of patient on ventilator

8..Pelvic inflammatory disease

9..Contact lens

10..Cosmetic surgeries

Write Brief Answers on the following: 10 x 2 =20m

11.."Rule of 9" in burns calculation

12..Mention any four clinical manifestations of brain tumor

13..Define Uveitis

14..Define Otosclerosis

15..Mention any four age related musculoskeletal changes

16..Types of abnormal uterine bleeding

17..Define multiple sclerosis

18..Define toxic shock syndrome

19..Movement disorders

20..Complication of radiation therapy

**341-DR NTR UNIVERSITY OF HEALTH SCIENCES :: AP :: VIJAYAWADA**

**THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2016**

**Medical Surgical Nursing-II-(New Scheme)-Time : 3 Hours-Max. Marks: 75**

Write an essay on any TWO of the following=2 X 15 =30m

1..a) Define glaucoma=2+6+7=15m

b) Describe the etiology, pathophysiology and clinical manifestation of glaucoma.

c) Explain the management of a patient with glaucoma.

2..a) Explain the signs and symptoms and acute intervention of a patient with cervical spinal cord

injury=7+8=15m

b) Explain the long term care and rehabilitation for the patient.

3..a) Define chemotherapy=2+5+8=15m

b) Classification of chemotherapeutic agents

c) List the side effects and explain the nursing management of patient undergoing chemotherapy

nutrition and communication.

- 3..a) Explain the etiology and pathophysiology of meningitis=15m  
b) Describe the medical and nursing care of patient admitted with meningitis.

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Anaphylactic shock      5..Eye Bank      6..Status Asthmaticus      7..Bone marrow transplant

8..Hypertensive Crisis      9..Triage      10..Post mastectomy exercises

Write Brief Answers on the following: 10 x 2 =20m

- 11..Enumerate the purpose of tonometry      12..Name the drugs used in pain  
13..Define Glasgow coma scale      14..List the causes of labyrinthitis  
15..Define multiple sclerosis      16..Enumerate the causes of disaster  
17..Enumerate the objectives of MTP Act      18..Define Pap smear  
19..List the clinical features of Mastoiditis      20..Define Chorea

**341-DR NTR UNIVERSITY OF HEALTH SCIENCES :: AP :: VIJAYAWADA**

THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2015

Medical Surgical Nursing-II-(New Scheme)

Write an essay on any TWO of the following=2 X 15 =30m

- 1..i) Discuss the pathophysiology, clinical manifestations and the surgical management of  
chronic suppurative otitis media=7+8  
ii) Explain the postoperative nursing management with the help of a care plan with a special reference to health education.  
2..Discuss the etiology, pathophysiology, assessment findings, clinical manifestations and the management of Parkinsonism=15m  
3..i) Discuss the types, clinical manifestations and diagnostic measures for cancer breast=7+8  
ii) Explain the surgical intervention and rehabilitation of a patient who has undergone mastectomy.

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Disaster preparedness      5..Refractive errors      6..Hearing aids      7..Premenstrual Syndrome  
8..Lumbar puncture      9..Transient ischemic attack      10..Skull injuries

Write Brief Answers on the following: 10 x 2 =20m

- 11..Enumerate the clinical features of Rhinitis      12..Define Keloids  
13..List the causes of Keratitis      14..Define Audiometry  
15..Enumerate the etiology of Menorrhagia      16..Define Aphasia  
17..Name the Intensive care records      18..Name the Osmotic diuretics  
19..Enumerate the causes of Infertility      20..Define Advanced cardiac life support

==

Medical Surgical Nursing-II-(New Scheme)

Write an essay on any TWO of the following=2 X 15 =15m

- 1..i) Discuss the etiology, pathophysiology, clinical manifestations medical and surgical management of glaucoma=10+5=15m
  - ii) Write a note on eye banking.
- 2..i) Discuss the etiology, clinical manifestations and nursing management of a patient with cerebrovascular accident=10+5
  - ii) Explain the rehabilitation of a patient with hemiplegia.
- 3..i) Discuss the pathophysiology, depth of burn, burn size and emergency intervention for burns.=7+8=15m
  - ii) Explain two fluid replacement formulas for a patient with 80% burns.

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Retinal detachment
- 5..Psychological aspects of cancer
- 6..National blindness control program
- 7..Pelvic inflammatory disease
- 8..Neurologic observation chart
- 9..Brain abscess
- 10..Epistaxis

Write Brief Answers on the following: 10 x 2 =20m

- 11..Enlist the clinical features of Peritonsillar abscess
- 12..Enumerate the uses of Snellen's chart
- 13..Define Miotics
- 14..Enumerate the clinical features of Sinusitis
- 15..Define Neurogenic shock
- 16..Name the types of disasters
- 17..Enumerate the types of pain
- 18..Enumerate any four immediate management measures of Heat stroke
- 19..Define Meniere's disease
- 20..List any four indications for Electromyogram

**341-THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2014**

Medical Surgical Nursing-II-(New Scheme)

Write an essay on any TWO of the following=2 X 15 =30m

- 1..Discuss the meaning, classification, clinical manifestations, diagnostic measures and management of epilepsy with a special emphasis on health education=15m
- 2..i) Discuss the clinical manifestations and the medical management of Mrs. Y. with status asthmaticus=7+8
  - ii) Explain the nursing care of Mrs. Y who is on mechanical ventilator.
- 3..i) Discuss the types, clinical manifestations and the complications of head injury=7+8=15m
  - ii) Explain the medical, surgical and nursing management of a patient who is suffering from acute subdural haematoma.

Write short notes on any FIVE of the following:5 x 5 =25m

- 4..Increased intra ocular pressure
- 5..Psycho social aspects of aging
- 6..Deep tendon reflexes
- 7..Metastasis
- 8..Alzheimer's diseases
- 9..Legal aspects of disaster nursing
- 10..Infection control protocols

Write Brief Answers on the following: 10 x 2 =20m

- 11..Define Labyrinthitis
- 12..List the causes of conjunctivitis

- 13..Define Mydriasis
- 15..Define Epistaxis
- 17..Define Triage
- 19..Classify deafness

- 14..Write four indications for Ear irrigation
- 16..List any four causes for Headache
- 18..Enumerate the types of crisis intervention
- 20..Enumerate four uses of CT scan

**341-THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2013**  
Medical Surgical Nursing-II-(New Scheme)

- 1..Write an essay on any TWO of the following=2 X 15 =30m
  - a) Classify neurologic tumours. Discuss the assessment findings, surgical intervention and the postoperative nursing management of a patient with intracranial tumour.
  - b) Discuss the types, clinical manifestations, diagnostic studies, surgical management and nursing management of a patient with chronic otitis media.
  - c) Discuss the types, modes and complications of mechanical ventilation. Draw a nursing care plan based on nursing process for a patient on mechanical ventilation.
- 2..Write short notes on any FIVE of the following: 5 x 5 =25m
  - a) Corneal transplant                      b) Triage                      c) Anaphylactic shock                      d) Status asthmaticus
  - e) Near-drowning                      f) Air embolism                      g) Pulmonary edema
- 3..Write Brief Answers of the following: 10 x 2 =20m
  - a) Mention the causes of Infertility in male                      b) List four clinical features of Hemothorax
  - c) Enumerate the purposes of Tonometry
  - d) Enumerate any four complications of Radiotherapy                      e) List the causes of Labyrinthitis
  - f) Mention any four complications of Peritonsillar abscess
  - g) List the clinical features of Asbestosis                      h) List any four clinical features of glaucoma
  - i) Write the complications of Deviated nasal septum                      j) List the purposes of Snellen's chart

**341-THIRD YEAR B.Sc(Nursing) DEG. EXAMINATIONS – NOVEMBER, 2012**  
Medical Surgical Nursing-II-(New Scheme)

- 1..Write an essay on any TWO of the following=2 X 15 =30m
  - a) Discuss the levels, types and mechanism of spinal cord injury. Explain the initial management and the rehabilitation of a patient with cervical spinal cord injury.
  - b) Discuss the pathophysiology, types, diagnosis and management of glaucoma with special reference to discharge teaching.
  - c) Explain the types of burns. Discuss the pathophysiological changes, clinical manifestations the nursing management of a patient during the acute phase of burns.
- 2..Write short notes on any FIVE of the following: 5 x 5 =25m
  - a) Sources of radiation therapy                      b) Electroencephalogram
  - c) Lumbar puncture                      d) Neurogenic shock
  - e) Subdural hematoma                      f) Brain injuries

- g) Crisis intervention
- 3..Write Brief Answers of the following: 10 x 2 =20m
- a) List the causes of Epistaxis                      b) Enumerate the clinical features of Meningitis
- c) List the drugs used to reduce seizures      d) Write any four principles of critical care nursing.
- e) Enumerate the clinical features of retinal neuropathy
- f) List down the steps in Glasgow coma scale.
- g) Enumerate four complications of chemotherapy in cancer patient
- h) List down any four respiratory emergencies.
- i) Enumerate any four principles of disaster nursing
- j) Enumerate four complications of dementia

THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2018

Child Health Nursing-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following: 2 X 15 =30m

1..a) Define Meningitis=2+5+8=15m

b) Enlist the causes and clinical manifestations of Meningitis.

c) Discuss the medical and nursing management of a child with Meningitis.

2..a) Define Anaemia=2+6+7=15m

b) Explain the classification of Anaemia.

c) Discuss the medical and nursing management of a child with Iron Deficiency Anaemia.

- 8..Role of a nurse in breast feeding                      9..Role of nurse in caring dying child  
 10..Post op care of child with cleft palate  
 Write brief answers on the following: 10 x 2 =20m  
 11..Enumerate the clinical features of Spina bifida                      12..Define Physically challenged  
 13..List the advantages of exclusive breast feeding  
 14..Enumerate the aim of Well Baby Clinic                      15..Define Child abuse  
 16..List the clinical features of Bulimia therapy                      17..Enumerate the uses of Play  
 18..Define Low birth weight                      19..Mention four characteristics of  
 Toddler  
 20..Define Child labor

**342-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**  
 THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2016  
 Child Health Nursing-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 155 =30m

- 1..a) What are the types of Intestinal Obstruction?=2+5+8  
 b) Describe the etiology and clinical features of intussusception  
 c) Explain the post operative nursing care of 2 years boy with intussusception  
 2..a) Define Child abuse=2+5+8=15m                      b) Factors influencing child abuse  
 c) Role of a nurse in prevention of child abuse.  
 3..a) Define meningitis=3+6+6=15m                      b) List down the causes of meningitis  
 c) Role of a nurse in caring the child with meningitis

Write short notes on any FIVE of the following:5 x 5 =25m

- 4..WHO classification of protein energy malnutrition  
 5..Psychosocial development of a Toddler                      6..Cerebral Palsy  
 7..Prevention of Hypothermia in preterm                      8..Lactose intolerance  
 9..Essential new born care                      10..Health education on Breast  
 feeding

Write Brief Answers of the following: 10 x 2 =20m

- 11..Any three drugs to be avoided during breast feeding  
 12..Household fluids for rehydration therapy                      13..Define Oral 1 stage  
 14..Enumerate the secondary sexual characteristics                      15..Define Growth chart  
 16..Hepatitis B Vaccine                      17..List the types of trachea esophageal  
 fistula  
 18..Define Hirschsprung's disease                      19..List the signs and symptoms of  
 Epispadiasis  
 20..List down the manifestations of Thiamine deficiency

**342-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA**  
 THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2015  
 Child Health Nursing-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following= 2 X 15 =15m

- 1..a) Define Preterm=2+5+8=15m  
 b) Mention the physical and neurological characteristics of Preterm.  
 c) Draw the nursing care plan for the baby born preterm.  
 2..Master John 7 years male is admitted with diagnosis of nephrotic  
 syndrome=2+5+8=15m

- a) Define nephrotic syndrome
  - b) Explain the pathophysiology and clinical manifestation of nephrotic syndrome.
  - c) Describe the nursing management for Master John.
- 3..Define growth and development. List the factors influencing growth and development and explain the principles of growth and development=15m
- Write short notes on any FIVE of the following: 5 x 5 =25m
- 4..Post Operative Care of baby with Cleft Lip repair
  - 5..Ophthalmia neonatorum
  - 6..Cerebral Palsy
  - 7..Child Welfare Agencies
  - 8..Photo therapy
  - 9..Values and types of play
  - 10..Tetralogy of Fallot
- Write Brief Answers of the following: 10 x 2 =20m
- 11..Write four typical clinical features of PEM mortality rate
  - 12..Define neonatal
  - 13..Mention four signs and symptoms of rheumatic fever concept
  - 14..Define child to child
  - 15..Enlist four major manifestations of Jone's Criteria. weight baby
  - 16..Define low birth
  - 17..Mention four congenital anomalies of GU tract Restraints
  - 18..Name four types of
  - 19..Define Cor pulmonale
  - 20..List down the causes and clinical manifestations of autism

Child Health Nursing-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following= 2 X 15 =30m

- 1..A five year old Suma admitted to the PICU with nephritic syndrome=3+4+8=15m
  - i) List the causes of Nephrotic Syndrome
  - ii)Mention clinical features of Suma
  - iii) Explain Nursing care of Suma
- 2..Baby John diagnosed as hydrocephalus=3+4+8=15m
  - i) Define hydrocephalus
  - ii) Clinical features of baby John
  - iii) Plan nursing care for baby John with peritoneal shunt
- 3..Baby Vincent HIV positive from birth=3+7+5=10m
  - i) Define AIDS
  - ii) Outline nursing management of baby Vincent
  - iii) List areas of health education plan about breast feeding for Vincent's mother

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Investigations and treatment regarding leukemia
- 5..Interventions of bed wetting
- 6..Mild mental retardation
- 7..Collection of urine specimen for six months old female infant
- 8..Iodine deficiency in children
- 9..Nursing Management of tetralogy of Fallot
- 10..Accidents in children

Write Brief Answers of the following: 10 x 2 =20m

- 11..What is the child mortality rates in India
- 12..List the significance of Mid-arm-circumference
- 13..Define kangaroo mother care
- 14..Difference between low birth weight and small for date baby
- 15..Enumerate the causes of Rh-incompatibility
- 16..Enumerate the preventive measures of scabies
- 17..Define mid-day meal programme
- 18..List of major impact factors of hospitalization of a 2 year old baby
- 19..Define child to child concept
- 20..Enumerate the advantages of play in children

### **342-THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2014**

Child Health Nursing-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

- 1..Ten years old Bonny admitted to Pediatric ward with Juvenile Diabetes Mellitus=3+6+6m
    - i) List the causes of JDM
    - ii) Mention the investigations and treatment of Bonny.
    - iii) Educate the mother regarding diet and Insulin therapy at home.
  - 2..Baby Jenifer diagnosed having rheumatic fever=3+4+8
    - i) Define rheumatic fever
    - ii) Clinical features of baby Jenifer
    - iii) Plan nursing care of baby Jenifer with pain and pyrexia
  - 3..Baby Nilu swallowed a gold locket and treated=4+7+4m
    - i) Explain in short child health emergencies
    - ii) Explain importance of play in children
    - iii) List specific areas of health education plan for Nilu's parents
- Write short notes on any FIVE of the following: 5 x 5 =25m
- 4..Explain major causes of death during early and late childhood
  - 5..Explain High risk neonates
  - 6..Enlist common childhood diseases and importance of immunizations
  - 7..Collection of blood specimen for six months old infant
  - 8..Protein deficiency in children
  - 9..Treatment of hip dislocation
  - 10..Explain in detail preventive pediatrics concept
- Write Brief Answers of the following: 10 x 2 =20m
- 11..Define exclusive breast feeding
  - 12..Enumerate the concepts of Baby friendly hospital
  - 13..Define febrile convulsions
  - 14..Difference between breast feed and bottle feed baby
  - 15..List four functions of Anganwadi worker
  - 16..List the steps of prevention of eye infections
  - 17..Define green-stick fracture
  - 18..List major complications of phototherapy
  - 19..List welfare services of challenged children in India
  - 20..Define Tetralogy of Fallot

**342-THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS-NOVEMBER, 2012**

Child Health Nursing (New Scheme)-Time : 3 Hours-Max. Marks: 75

- 1..Write an essay on any TWO of the following=2 X 15=30m
  - a) i) A ten year old boy admitted in the Pediatric ward. Write the diagnosis of Rheumatic fever=3+4+8=15m
    - ii) List the clinical features based on Jones's criteria.
    - iii) Write the medical and nursing management for rheumatic fever.
  - b) Explain the care of an adolescent with juvenile diabetes mellitus.
  - c) Discuss the nursing care of 10 days old male new born baby with Tracheo-oesophageal fistula.
- 2..Write short notes on any FIVE of the following: 5 x 5 =25m
  - a) Reactions of a toddler to hospitalization
  - b) Prevention of malnutrition
  - c) Changing trends towards pediatric nursing
  - d) Nursing care of an infant with colostomy.

- e) Hypospadias
  - f) Principles for using restrains for children.
  - g) Prevention of Accidents.
- 3..Write Brief Answers of the following: 10 x 2 =20m
- a) List the complications of cardiac catheterization
  - b) Enlist the prevention of cross infection in the wards
  - c) Name the drugs used in Leukaemia
  - d) List down the advantages of exclusive breast feeding
  - e) List the child welfare agencies in India.
  - f) Define meningocele
  - g) Enlist the clinical features of Kwashiorkor
  - h) Enumerate the causes of mental retardation
  - i) List down the clinical features of physiologic jaundice
  - j) Enlist the signs and symptoms of moderate dehydration.

**317-THIRD YEAR B.Sc(NURSING) Degree Examinations – NOVEMBER, 2012**

Child Health Nursing-Time : 3 Hours-Max. Marks: 75

- 1..Write an essay on any TWO of the following=2 X 15=30m
- a) i) Comment on current status of child health in India.
  - ii) Elaborate on care for an acutely ill child and family.
  - b) i) Enumerate the causes and signs and symptoms of nephrotic syndrome=7+8=15m
  - ii) Plan a Nursing Care Plan for a child with nephrotic syndrome.
  - c) Explain the medical and nursing management of child with tuberculosis=7+8=15m
- 2..Write short notes on any FIVE of the following: 5 x 5 =25m
- a) Preventive pediatrics
  - b) Role of Nurse in genetic counselling
  - c) Child Labour
  - d) Osteomyelitis
  - e) Restraints
  - f) Growth and development of a child up to one year
  - g) UNICEF
- 3..Write Brief Answers of the following:10 x 2 =20m
- a) Aspects of apgar Score
  - b) List the clinical features of preterm baby
  - c) Enumerate the causes of Neonatal Jaundice
  - d) Define PEM
  - e) Enlist the complications of Cleft lips
  - f) Enumerate the common accidents in children
  - g) List down the importance of play in children
  - h) Define megacolon
  - i) Write the contents of ORS prepared at home.
  - j) Define pericarditis

==

**317/1608-THIRD YEAR B.Sc(NURSING) Degree Examinations – JUNE, 2012**

Child Health Nursing-Time : 3 Hours-Max. Marks: 75

- 1..a) Compare the Traditional & Emerging Roles of Parents=7+8
- b) Why Nutritional Assessment is Important in Paediatrics? Justify
- 2..a) Explain the care of a Child in the Incubator=7+8=15m

- 3..Write short notes on any THREE of the following:3 x 5 =15m  
a) Baby Friendly Hospital Initiative                      b) Vocational Guidance for Adolescents  
c) Maternal deprivation                                      d) Hypoglycemia

- 4..a) Define Growth & Development=2+5+8=15m  
b) List the Minor Disorders of Neonates  
c) Discuss the Immediate Neonatal Care

- 5..a) Define Hemophilia=2+5+8=15m  
b) List the Signs & Symptoms of Hemophilia  
c) Explain the Nursing Management of a child with Hemophilia

- 6..Explain the Medical & Nursing Management of a Child with Pneumonia=15m

- 7..Name the agencies dealing with adoption and discuss their role in adoption=15m

**317-THIRD YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – JUNE, 2009**

Child Health Nursing-(Common for both NR & OR)-Time : 3 Hours-Max. Marks: 75

- 1..Discuss the pathophysiology, clinical manifestations, medical and nursing management

of a child with TB Meningitis=15m

- 2..Discuss the physical growth, the psychosocial, intellectual development and needs of a Preschool child=15

- 3..Write short notes on any THREE of the following=3x5=15m

- a) Integrated child development scheme                      b) Tetralogy of Fallor  
c) Bronchial Asthma    d) Marasmus  
e) Nursing care of a child with HIV/AIDS

- 4..Martina, a 6 year old child is admitted with 15% of Burns.

- a) Describe the pathophysiology and clinical features.  
b) Explain the Parenteral Therapy given to Martina.  
c) Discuss the Nursing Care given to Martina=5+4+6=15m

- 5..a) Define Chronic Renal Failure=3+6+6=15m

- b) Discuss the causes, pathophysiology and clinical manifestations of Chronic Renal Failure.

c) Describe the management of Chronic Renal Failure.

- 6..Write short notes on any THREE of the following=3x5=15m

- a) High Risk Newborn                      b) UNICEF                                      c) Down Syndrome  
d) Convulsions                              e) Nursing Management of child with Fracture

==

**317-THIRD YEAR B.Sc(NURSING) Degree Examinations – DECEMBER, 2008**

Child Health Nursing-(Common for both NR & OR)-Time : 3 Hours-Max. Marks: 75

- 1..a) Difference between Cyanotic and Acyanotic heart disease.

b) Explain in detail about Tetralogy of Fallot=6+9=15m

- 2..a) Define primary complex and list out the causes.
- b) Describe the pathophysiology and clinical features of Primary Complex.
- c) Write about the DOTS Therapy in detail=4+5+6=15m
- 3..Write short notes on any THREE of the following=3x5=15m
  - a) School Health Service
  - b) Juvenile Delinquency
  - c) Meningitis
  - d) Goitre
  - e) Nursing Management of child with diarrhoea
- 4..Martina, a 6 year old child is admitted with 15% of Burns.
  - a) Describe the pathophysiology and clinical features.
  - b) Explain the Parenteral Therapy given to Martina.
  - c) Discuss the Nursing Care given to Martina=5+4+6=15m
- 5.. a) Define Chronic Renal Failure=3+6+6=15m
  - b) Discuss the causes, pathophysiology and clinical manifestations of Chronic Renal Failure.
  - c) Describe the management of Chronic Renal Failure.
- 6..Write short notes on any THREE of the following=3x5=15m
  - a) High Risk Newborn
  - b) UNICEF
  - c) Down Syndrome
  - d) Convulsions
  - e) Nursing Management of child with Fracture

### **317-THIRD YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – JULY, 2008**

Child Health Nursing-(Common for both NR & OR)-Time : 3 Hour-Max. Marks: 75

1. a) List the congenital anomalies seen in urogenital system and discuss in brief one
- b) Write nursing care of child with epispadias who is admitted for surgery=(8+7=15)m
2. a) What is Gastroenteritis=(2+3+10=15)m
  - b) List the signs and symptoms of Gastroenteritis.
  - c) Prepare nursing care plan of a toddler with diarrhea and severe dehydration.
3. Write short notes on any THREE of the following=(3x5=15)m
  - a) Exchange transfusion
  - b) Autistic child
  - c) Sex education in children
  - d) Pulse polio immunization programme
  - e) Phototherapy
4. a) List the causes of Infant Mortality.
  - b) Why it is important to initiate and maintain lactation?
  - c) Explain the advantages and contra indications of Breastfeeding=(3+4+8=15)m
5. Ramu, 4 year old is admitted in the Paediatric surgical ward with 30% burns=3+7+5=15m
  - a) Explain the effects of hospitalization.
  - b) Write nursing care plan of Ramu for the first 48 hours.
  - c) What health teaching you will give to parents to prevent accidents among children?
6. Write short notes on any THREE of the following=(3x5=15)m
  - a) Under five clinic
  - b) Pyloric stenosis
  - c) Role of heredity in growth and development
  - d) Post operative nursing care of child with cleft lip repair
  - e) Cyanotic spells

Midwifery And Obstetrics - PART – I-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following: 2 X 15 =30m

1..Mrs.Rani an elderly Primi admitted to your pre natal ward and she is in labour=7+8=15m

i) Explain the signs and symptoms of II stage of Labour

ii) How will you manage and care for Mrs.Rani who is in second stage of labour?

2..i) Describe the physiological changes in pregnancy=7+8=15m

ii) Explain the care of antenatal mother

3..i) Define Puerperium=5+10=15m

ii) Explain in detail regarding assessment and management of post natal mother.

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Pregnancy confirmatory test  
resuscitation

5..NST and CST

6..Neonatal

7..Family Counselling

8..Minor disorders of new born

9..Care of umbilical cord  
labour

10..Management of mother during I stage of

Write Brief Answers of the following: 10 x =20m

11..Enumerate the types of Episiotomy 12..Name 4 records maintained in post natal ward

13..Define false labour  
delivery table

14..List the articles to be kept ready on the

15..Define Partogram  
labour

16..Enumerate the indications for induction of

17..Define transportation of neonate 18..Define fertilization

19..Name any four drugs used in delivery room 20..Enumerate the objectives of antenatal care

**348-THIRD YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2014**

Midwifery And Obstetrics - PART – I- (New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following: 2 X 15 =30m

1..i) Enumerate the physiological changes occurring during pregnancy in the reproductive

system=7+8=15m

ii) Explain the role of a nurse in caring for an antenatal woman in the third trimester.

2..Mrs. Veena 35years Primi is admitted to the labour room with complaints of pain=7+8m

i) Enumerate the signs and symptoms of onset of labour.

ii) Explain the nursing management of Mrs. Veena in her III stage of labour.

3..i) Enumerate the major disorders of newborn=5+10=15m

ii) Explain the nursing management for the minor disorders of newborn.

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Screening for high risk pregnancy

5..Female pelvis

6..Cardinal steps of mechanism of labour

- 7..Invasive and non-invasive modalities of diagnosis of pregnancy 8..Physiology of lactation  
 9..Family counseling 10..Foetal circulation  
 Write Brief Answers of the following: 10 x 2 =20m  
 11..List four bones of fetal skull 12..List four types of episiotomy  
 13..Enumerate care of umbilical cord 14..Differentiate lightening and engagement  
 15..Enumerate signs of previous childbirth 16..Enumerate types of Puerperium  
 17..Enlist four types of heat loss in newborn 18..Differentiate NST and CST  
 19..Name four records maintained in the labour room  
 20..List four advantages of breast feeding
