

Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – AUGUST, 2021

Nursing Research & Statistics-(New Scheme)-Time : 3 Hours-Max. Marks: 75-Answer Part-A & B in TWO separate answer books-Questions in Part'A' should not be answered in Part'B' and-Vice versa. Otherwise they will not be valued.

Part – A (Nursing Research) – 50 Marks

Write an essay on any TWO of the following=2 X 10 =20m

- 1..Explain in detail the non-experimental research designs
- 2..Explain the steps in formulation of Research problem
- 3..Discuss the probability sampling techniques

Write short notes on any FOUR of the following:4 x 5 =20m

- 4..Questionnaire
- 5..Methods of communication of research
- 6..Phenomenology
- 7..Reliability
- 8..Confounding variables
- 9..Types of hypothesis

Write Brief Answers of the following: 2 x 5 =10m

- 10..Define Manipulation
- 11..Define Population
- 12..Define Operational definition
- 13..Define Research objectives
- 14..Define Assumptions

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following:9m

- 15..Define standard deviation. Compute standard deviation for the blood cholesterol levels

(md/dl) of ten persons – 240, 260, 290, 245, 255, 288, 272, 263, 277, 257

- 16..Describe the normal probability curve

Write short notes on any TWO of the following:2 x 5 =10m

- 17..Type II error
- 18..Data compilation
- 19.. Pie diagram
- 20..Parts of a table

Write Brief Answers of the following: 3 x 2 =6m

- 21..Define Perfect positive correlation
- 22..Define Median
- 23..Define Data interpretation

Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – FEBRUARY, 2021

Nursing Research & Statistics- (New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following=2 X 10 20m

- 1..Enumerate the purposes and methods of review of literature.
- 2..Enumerate the data collection methods. Explain observation method.
- 3..Explain the characteristics of good research.

Write short notes on any FOUR of the following: 4 x 5 =20m

- 4..Need for nursing research
- 5..Validity and reliability
- 6..Solomon four group design
- 7..Difference between qualitative and quantitative research methods
- 8..Survey method
- 9..Communication of research findings

Write Brief Answers of the following: 2 x 5 =10m

- 10..Differentiate between reliability and validity of test
- 11..Define Null of hypothesis
- 12..Enumerate the types of sampling
- 13..Mention the purposes of qualitative research

- 14..List any four conceptual frame work

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following:9m

- 15..Calculate the mean and standard deviation for the following cholesterol values 200, 220, 240,

230, 280, 320, 250, 270.

- 16..What is statistics? Explain the importance of statistics in nursing.

Write short notes on any TWO of the following: 2 x 5 =10m

- 17..Normal probability curve
- 18..Measures of central tendency briefly

19..Chi-Square Test 20..Measures of Correlation

Write Brief Answers of the following: 3 x 2 =6m

21..Define Mean and mode
diagram

22..Define Paired T test

23..Define Bar

==

Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JULY/AUGUST 2020
Nursing Research & Statistics- (New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following=2 X 10=20m

- 1..Enumerate the disadvantages of non – probability sampling methods
- 2..Define nursing research. Briefly describe the steps of nursing research process
- 3..What are the types of research design and explain the experimental research designs in detail

Write short notes on any FOUR of the following: 4 x 5 =20m

- 4..Assumption
- 5..Utilization of nursing research
- 6..Literature review
- 7..Types of hypothesis
- 8..Questionnaire
- 9..Sources of research problem

Write Brief Answers of the following: 2 x 5 =10m

- 10..Structured and semi structured interview schedule
- 11..Population
- 12..Simple random sampling
- 13..Bias
- 14..Assumption

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following:9m

- 15..Birth weights of 10 newborns are 3.3 kg, 6.1 kg, 5.8 kg, 3.8 kg, 2.7 kg, 4.1 kg, 3.9 kg, 5.1 kg, 3.0 kg and 3.8. Find out the mean value and median value.

16..Discuss the test of significance procedures

Write short notes on any TWO of the following: 2 x 5 =10m

- 17..Type I and Type II errors
- 18..Uses of statistics in nursing research
- 19..Measurement scales
- 20..Sampling error

Write Brief Answers of the following: 3 x 2 =6m

- 21..Define descriptive and inferential statistics
- 22..Calculate standard deviation for the following data : 2,5,7,12 and 15
- 23..Find the mean 7,3,5,4,6,4 and 5.

Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2019
Nursing Research & Statistics-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following:2 X 10 =20m

- 1..Classify Research Design and explain any one research design with example.
- 2..Enumerate the data collection tools. Explain Interview Method.
- 3..Define sampling. Explain the types of sampling techniques with suitable examples.

Write short notes on any FOUR of the following: 4 x 5 =20m

- 4..Pilot study
- 5..Use of Computers in Research
- 6..Reliability
- 7..Variables
- 8..Role of Nurse in Research
- 9..Research Critique

Write Brief Answers of the following: 5 x 2 =10m

- 10..Define Hypothesis
- 11..Define Hawthorne effect
- 12..Define Sampling bias
- 13..List out the source of literature review
- 14..Define Rating scale

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following:9m

15..Co-efficient of correlation.

16..Calculate the Mean, Median, Mode and Standard deviation for the data given below:

Number of Cells	0-20	20-40	40-60	60-80	80-100
Frequency	10	40	20	15	15

Write short notes on any TWO of the following: 2 x 5 =10m

17..Frequency distribution

18..Use of bio-statistics

19..Graphical method of presentation of data

20..Histogram

Write Brief Answers of the following: 3 x 2 =6m

21..Define Correlation

22..Define Standard deviation

23..Mention any four common diagrams used in statistics

==

**Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2019**

Nursing Research & Statistics-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following=2 X 10 =20m

1..Explain the steps in research process

2..Define nursing research and explain the characteristics of good research

3..Explain historical research in detail

Write short notes on any FOUR of the following: 4 x 5 =20m

4..Validity of an instrument

5..Advantages and disadvantages of sampling

6..Sources of hypothesis

7..Characteristics of true experimental design

8..Survey method

9..Sources of problem selection

Write Brief Answers of the following: 2 x 5 =10m

10..Define rating scale

11..Write meaning of Hawthorne effect

12..List the advantages of interview method of data collection

13..List the types of hypothesis

14..Define extraneous variable

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following:9m

15..Explain scales of measurement

16..Explain the measures of central tendency

tendency

Write short notes on any TWO of the following: 2 x 5 =10m

17..Define average and mention the characteristics of good measure of an average

18..Duration of incubation of 10 SARS patients were 6, 13, 10, 7, 9, 10, 14, 12, 8 & 11 days respectively. Compute mean, median and mode

19..Define correlation coefficient and write the properties of correlation coefficient

20..Explain important measures of dispersion

Write Brief Answers of the following: 3 x 2 =6m

21..Define mode

22..List out properties of normal probability curve

23..Define statistics

**Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2018**

Nursing Research & Statistics- (New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following: 2 X 10 =20m

1..Define research design. List the types of experimental research design and explain true experimental research design.

experimental research design.

2..Define variable and explain about types of variables with suitable examples.

3..Explain the major types of data collections.

Write short notes on any FOUR of the following: 4 x 5 = 20m

- 4..Stratified Random sampling illustrate with examples
- 5..Review of Literature
- 6..Characteristics of good research report
- 7..Survey method
- 8..Data tabulation
- 9..Pilot study

Write Brief Answers of the following: 2 x 5 = 10m

- 10..Define hypothesis instruments
- 11..List the types of data collection instruments
- 12..Enumerate the need for research in nursing
- 13..List the purpose of research design
- 14..Define population

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following: = 9m

- 15..Explain about graphical representation of data.
- 16..List out the properties of normal probability curve and explain skewness and kurtosis.

Write short notes on any TWO of the following: 2 x 5 = 10m

- 17..Properties and uses of range and interquartile range
- 18..Statistical packages
- 19..Calculate the mean and median 5,10,15,20,25,30,35,40,60,80,100
- 20..Test of significance

Write Brief Answers of the following: 3 x 2 = 6m

- 21..List out the measures of variability
- 22..Define variance
- 23..Enumerate the properties of central tendency

Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2017
Nursing Research & Statistics-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following = 2 X 10 = 20m

- 1..Enumerate the data collection method. Explain observation method.
- 2..Explain the steps in formulation of Research problem
- 3..Enumerate the Experimental Research and explain one group Pre test Post test method.

Write short notes on any FOUR of the following: 4 x 5 = 20m

- 4..Research Report Writing
- 5..Utilization of Research findings
- 6..Errors of sampling
- 7..Validity and reliability
- 8..Assumption
- 9..Characteristics of good research

Write Brief Answers of the following: 2 x 5 = 10m

- 10..List the types of Scientific Research
- 11..Enumerate types of hypothesis
- 12..List any four conceptual frame work
- 13..List the disadvantages of random sampling
- 14..Mention four types of non experimental research

Part– B (Statistics) – 25 Marks

Write an essay on any ONE of the following: 9m

- 15..Explain the normal probability curve
- 16.. Explain co-efficient and Co-relation

Write short notes on any TWO of the following: 2 x 5 = 10m

- 17..Uses of Computer in Statistics
- 18..Frequency distribution
- 19..Statistical package
- 20..Explain median and standard deviation

Write Brief Answers of the following: 3 x 2 = 6m

- 21..Name any four types of graph
- 22..Formula for calculating mean
- 23..Define Pie diagram

Q.P. CODE:346-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2017
Nursing Research & Statistics-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Part – A(Nursing Research) – 50 Marks

Write an essay on any TWO of the following=2 X 10 =20m

- 1..Define nursing research and explain research process.
- 2..Explain sampling technique.
- 3..Explain qualitative research approach.

Write short notes on any FOUR of the following: 4 x 5 =20m

- 4..Explain hypothesis
- 5..Explain variability methods
- 6..Survey method
- 7..Assumptions
- 8..Pilot study
- 9..Review of literature

Write Brief Answers of the following:2 x 5 =10m

- 10..Define Quasi experimental research
- 11..Define Maturation
- 12..Enlist the advantages of Reliability test
- 13..List the advantages of interview method of data collection
- 14..Effect size

Part- B (Statistics) – 25 Marks

Write an essay on any ONE of the following:9m

- 15..Measures of central tendency
- 16..'t' test

Write short notes on any TWO of the following: 2 x 5 =10m

- 17..Levels of measurement
- 18..Standard deviation
- 19..Cronback's coefficient alpha

20..Use of Statistics in Nursing Research

Write Brief Answers of the following:3 x 2 =6m

- 21..Define MANNOVA
- 22..Define Skewness
- 23..Enlist the types of Pie chart

==

314NR/1614-Dr. NTR University of Health Sciences:AP:Vijayawada – 520 008

FOURTH YEAR B.Sc (NURSING) DEGREE EXAMINATIONS – JUNE, 2016

Fourth Year Examination-4 Ydc (Nr)/ Second Year Examination-2ydc-Introduction To

Nursing Research-Time : 3 Hours-Max. Marks: 75-Answer the following questions

Write an essay on any TWO of the following=2 X 15 =30m

- 1..a) Classify the research designs=5+10=15m
b) Discuss any two research design with suitable examples.
- 2..Write the characteristics, advantages, disadvantages of questionnaire method of data collection
- 3..a) What are the sources of research problem in nursing?=5+10
b) Write the characteristics of hypothesis and describe the types of hypothesis.

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Non probability sampling techniques
- 5..Pilot study
- 6..Advantages and disadvantages of Mean
- 7..Need for statistics in nursing

8..Reliability of a tool

9..Frequency distribution

10..Steps in report writing

Write Brief Answers of the following:10 x 2 =20m

- 11..Define operational definition
- 12..Define assumption

13..Mention the steps of literature review

14..Calculate the median of the given data: 20, 22, 30, 35, 43, 58, 71, 46, 85, 55

15..Draw and label pie diagram and pictogram

16..differentiate between independent and dependent variable theories 17..Name four nursing theories

18..Define sample findings

19..List the methods to communicate research

20..Find the mode of the given data set: 74, 74, 74, 45, 69, 81, 81, 70

314NR-Dr. NTR University of Health Sciences:AP:Vijayawada – 520 008

FOURTH YEAR B.Sc (NURSING) DEGREE EXAMINATIONS – NOVEMBER, 2015

Introduction To Nursing Research-Time : 3 Hrs-Max. Marks: 75-Answer the following questions

Write an essay on any TWO of the following=2 X 15=30m

1..a) Describe the non experimental research=7+8=15m

b) Explain historical method in detail.

2..Describe the review of literature=15m

3..a) Classify the data collection method=5+10=15m

b) Write in detail about observational method.

Write short notes on any FIVE of the following: 5 x 5 =25m

4..Frequency distribution work

5..Hypothesis

6..Conceptual Frame work

7..Paper Pencil Test

8..Importance of Research in Nursing

9..Operation definitions

10..Use of Computer in Nursing Research

Write Brief Answers of the following: 10 x 2 =20m

11..Define Mode

12..Advantages of experimental research

13..Name the types of Pie diagram

14..Define Validity

15..Define comparative study design investigator

16..Enumerate four ethics practiced by the

17..Write two closed-ended questions

18..Define standard deviation

19..Mention the two methods of statement of problem

20..Name the four instruments used in nursing research

==

314NR-Dr. NTR University of Health Sciences:AP:Vijayawada – 520 008

FOURTH YEAR B.Sc (NURSING) DEGREE EXAMINATIONS – JUNE, 2015

Introduction To Nursing Research-Time : 3 Hrs-Max. Marks: 75-Answer the following questions

Write an essay on any TWO of the following=2 X 15 =30m

1..Enumerate experimental type of research. Explain any one method=15m

- 2..List out the non-probability sampling technique and explain with an Example=15m
 - 3..Write about the process of analysis and interpretation of data Collection=15m
- Write short notes on any FIVE of the following: 5 x 5 =25m
- 4..Review of literature
 - 5..Evidence based practice
 - 6..Assumptions
 - 7..Pilot study
 - 8..Survey method
 - 9..Graphs and charts used in frequency distribution
 - 10..Research styles
- Write Brief Answers of the following: 10 x 2 =20m
- 11..Define Reliability
 - 12..Enumerate types of Hypothesis
 - 13..Enlist the four ethical issues in nursing variables
 - 14..List the different types of
 - 15..Define critique
 - 16..Define Standard deviation
 - 17..Enlist the sources of research problem methods
 - 18..Enumerate descriptive research
 - 19..Give an example of Cluster sampling collection
 - 20..List any four methods of data

314NR FOURTH YEAR B.Sc (NURSING) DEGREE EXAMINATIONS – JUNE, 2014

Introduction To Nursing Research-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

- 1..Write a brief note on probability sampling technique and explain each with an example=15m
- 2..Mention the common methods of data collection and explain any two in detail=15m
- 3..Explain the steps used in qualitative research=15m

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Classify the types of research
- 5..Variables
- 6..Mention some nursing theories used in qualitative research distribution curve
- 7..Normal
- 8..Steps in conceptual framework
- 9..Rating scales
- 10..Importance of research in nursing

Write Brief Answers of the following: 10 x 2 =20m

- 11..Mention four uses of statistics
- 12..Define Kotta sampling
- 13..Enumerate the sources of review of literature diagram
- 14..Name the types of pie
- 15..List the characteristics of chi square research report
- 16..Mention any 2 styles of writing
- 17..Write the importance of Pilot study research
- 18..Write any four purposes of nursing
- 19..Mention any four conceptual model
- 20..Enlist the levels of measurements

314NR –FOURTH YEAR B.Sc (NURSING) DEGREE EXAMINATIONS – JUNE, 2013

Introduction To Nursing Research-Time : 3 Hours-Max. Marks: 75

1..Write an essay on any TWO of the following=2 X 15 =30m

- a) i) Classify the data collection methods=7+8=15m
- ii) Write in detail about interview method
- b) Discuss in detail about the sampling=15m
- c) i) Describe the uses of Nursing research=5+10=15m
- ii) Explain the characteristics of good research

2..Write short notes on any FIVE of the following: 5 x 5 =25m

- a) Survey method
- b) Review of literature
- c) Variables
- d) Operational definitions
- e) Conceptual frame works
- f) Historical research
- g) Explain types and uses of hypothesis

3..Write Brief Answers of the following: 10 x 2 =20m

- a) Enumerate the types of diagrammes research
- b) Define experimental
- c) Write two closed end questions
- d) Write four uses of statistics in Nursing

research

- e) Define mode
- f) Mention the two methods of statement of problem
- g) Role of the researches in maintaining ethics
- h) Advantages of experimental research
- i) Define reliability
- j) Enumerate the method of writing reports.

==

314NR /1614-FOURTH YEAR B.Sc (Nursing) Degree Examinations – JUNE, 2012

Common to 2nd year of 2 YDC(NR) & 4th year of 4 YDC(NR)-Introduction To Nursing Research-Time:3 Hrs-Max.Mrks: 75-Answer any Five questions.-All questions carry equal marks

- 1..a) Define Research and Nursing Research=2+6+7m
- b) Explain the need for research in Nursing
- c) Differentiate between qualitative and quantitative research
- 2..a) Define research problem=2+6+7=15m
- b) List the characteristics and sources of research problem
- c) Explain the steps to formulate the research problem
- 3..a) Define sampling=2+5+8=15m
- b) Explain the need for sampling and criteria for good sampling
- c) Describe the different types of sampling techniques
- 4..a) Define research design=2+3+10=15m
- b) Mention the different types of Research Designs
- c) Explain the Experimental research designs in detail
- 5..a) Define Statistics and write the importance of statistics in Nursing=7+8=15m
- b) Discuss the various descriptive statistical methods in detail
- 6..Write short notes on any THREE of the following:3 x 5m
- a) Interview method of data collection
- b) Validity
- c) Item Analysis
- d) Historical Evaluation of Nursing Research

1614/314NR-FOURTH YEAR B.Sc (Nursing) Degree Examinations – JUNE, 2011

Common to 2nd year of 2 YDC(NR) & 4th year of 4 YDC(NR)-Introduction To Nursing Research-Time : 3 Hours-Max. Marks: 75

- 1..Explain the historical method of research and its advantages and disadvantages=15m
- 2..Write in detail the importance of research design, differentiate between questionnaire and structured interview schedule method of data collection=15m
- 3..Compare experimental Vs correlational studies? List the principles and techniques of data collection and list the advantages of these techniques=15m
- 4..Explain problem solving and scientific method in Nursing Research? Explain the term, sample, population and size of sample=15m
- 5..Discuss the different types of sampling. Explain detail stratified random, sampling with suitable example=15m
- 6..Write short notes on any THREE of the following:3 x 5
- a) Role of research in Nursing.
- b) Critical analysis of research report.
- c) Step in developing a conceptual frame work
- d) Reliability and validity.

314-NR-FOURTH YEAR B.Sc(Nursing) Degree Examinations – NOVEMBER, 2010

Introduction To Nursing Research-(New Regulations)-Time : 3 Hours-Max. Marks: 75

- 1..What you mean by research design? What is the need for it? Describe the features of a Good

research design with examples=2+3+10=15m

2..Explain experimental and observational studies with example=15m

3..Explain various steps involved in writing research protocol for a research project.

Starting

from formulation of problem to the report writing=15m

4..Trace the history of research in Nursing. What do you learn from the history?=15m

5..What is a research problem? How do you select problem for research and explain the characteristic of research problem?=15m

6..Write short notes on any THREE of the following:3 x 5m

a) Projective techniques of data collection.

b) Compare directional and non directional hypothesis with example.

c) Discuss cluster samples with example.

d) Item analysis

==

314-NR-FOURTH YEAR B.Sc(Nursing) Degree Examinations – JUNE, 2010

Introduction To Nursing Research-(New Regulations)-Time : 3 Hours-Max. Marks: 75

1..Write in detail the importance of research design. Differentiate between questionnaire and

structured interview schedule methods of data collection=15m

2..Explain the need and scope of Nursing Research? What is the importance of review of literature? Mention its sources=15m

3..Discuss the different types of sampling? Explain the detail stratified random sampling with a

suitable example=15m

4..Explain the various steps involved in the research process with the help of a concrete example=15m

5..Explain the methods of establishing reliability=15m

6..Write short notes on any THREE of the following=3x5=15m

a). Ethics in Nursing Research

b). Describe the sources of review of Literature

c). Pilot study

d). Use of computers in Nursing Research.

314-NR-FOURTH YEAR B.Sc(Nursing) Degree Examinations – NOVEMBER, 2009

Introduction To Nursing Research-(New Regulations)-Time : 3 Hours-Max. Marks: 75

1. What points will you consider before making statement of the problem?= 15m

2. Write in detail on sampling technique=15m

3. How hypothesis and conceptual framework are different and detail their usefulness in research

4. Explain in detail about the Review of Literature=15m

5. Discuss the experimental design with examples=15m

6. Write short notes on any THREE of the following=3x5=15m

a). Pilot study

b). Interview in data collection

c). Operational

definition

d). Uses of research in Nursing

e). Frequency

distribution.

314-NR-FOURTH YEAR B.Sc(Nursing) Degree Examinations – JUNE, 2009

Introduction To Nursing Research-(New Regulations)-Time : 3 Hours-Max. Marks: 75

1.. "Nursing research enhance quality care" – Explain=15m

2..How sampling differ from population? Explain sampling Process=15m

3..a) Identify the criteria for experimental study and explain each of them=7+8=15m

b) How questionnaire technique will help in the experimental study?

4..Explain in detail about the conceptual frame work=15m

5..Explain the importance of statistics in nursing research=15m

- 6..Write short notes on any THREE of the following=3x5=15m
 a). Data collection b). Central tendency c). Variables d). Review of literature

314-NR-FOURTH YEAR B.Sc(Nursing) Degree Examinations – DECEMBER, 2008

Introduction To Nursing Research-(New Regulations)-Time : 3 Hours-Max. Marks: 75

1. Explain the concept of conceptual frame work and explain its importance in detail=15m
2. Explain the various probability sampling methods with Examples=15m
3. Explain the various methods of data collection with suitable research Examples=15m
4. Explain the importance of descriptive statistics and explain in detail the frequency distribution concept=15m
5. Write short notes on any THREE of the following=3x5=15m
 a) Role of Research in Nursing b) Research design c) Analysis and Interpretation
 d) Critical Review of Research studies
- 6..What do you mean by variables? – Discuss in detail with Examples=15m

314-NR-B.Sc(NURSING) DEG. EXAMS – JULY, 2008-FOURTH YEAR EXAMINATION

4 YDC-INTRODUCTION TO NURSING RESEARCH-(New Regulations)-Time : 3 Hours-Max.

1. "Conceptual framework help to proceed Research" – Explain= (15)
2. What precautions will you take during data collection? (15)
3. a) Why do you want critical review of research studies?
 b) Will the information obtained from critical review enhance the quality of your research?-(6+9)
4. Identify various types of sampling and detail its advantages.= (15)
5. a) What are variables and explain with examples.
 b) How research contributes development of theory. (8+7=15)
6. Write any THREE of the following: =(3x5=15)
 a) Frequency distribution b) Report writing c) Survey method d) Sampling

314-NR-B.Sc(NURSING) DEG. EXAMS – DEC., 2007-FOURTH YEAR EXAMINATION

4 YDC-INTRODUCTION TO NURSING RESEARCH-(New Regulations)-Time : 3 Hours-Max.

- 1..a). Mention the types of instrument used as a tool for data collection=8+7=15m
 b). What guidelines should be followed in developing an instrument.
- 2..Discuss the advantages and disadvantages of THREE research approaches-15m
- 3..a). Define hypotheses and mention characteristics of good hypothesis=8+7=15m
 b). Explain the different forms of hypothesis used in research.
- 4..a). Discuss the methods of observation10+5=15m
 b). Mention merits and demerits of observation technique.
- 5..Write any THREE of the following: 3 x 5 =15m
 a). Validity b) Inferential statistics c) Use of Computers in research
 d). Ethics in Nursing Research
- 6.. a). What is research. Explain the types of research=8+7=15m
 b). Explain the importance of Research in nursing..

314-NR-B.Sc(NURSING) DEG. EXAMS – JULY., 2007-FOURTH YEAR EXAMINATION

4 YDC-INTRODUCTION TO NURSING RESEARCH-(New Regulations)-Time : 3 Hours-Max.

PART-A

- 1..What is nursing research? State the historical evolution of nursing research=15m
- 2..What is variable? State the different types of variables with examples=15m
- 3.. Define sampling. Differentiate between probability and non probability sampling technique
- 4.. Write short notes on any THREE of the following:3 x 5 =15m
 a). Case Study Method b). Pilot Study c). Quasi Experimental Design

d). Analysis and interpretation

PART-B

5.. a). Discuss in detail the population structure in India=15m

OR

b). Explain the causes of High birth rate and decline in death rate in India

314-NR-B.Sc(NURSING) DEG. EXAMS – JULY., 2007-FOURTH YEAR EXAMINATION

4 YDC-Introduction To Nursing Research & Demography-(New Regulations)

PART-A-Nursing Research

1..a). Describe the characteristics of Survey.

b). Explain the survey methods utilized in doing nursing research-15m

2..a). Explain the levels of measurement of data collection-15m

b). Write the examples of non probability technique

3..Discuss the purpose and need for nursing research-15m

4..Write short notes on any THREE of the following: 3 x 5 =15m

a). Conceptual frame work b). Review of Literature c). Variables

d). Experimental Design

PART-B-Demography

5..a). Define birth and death rate-15m

b). Discuss the importance of vital statistics

OR

Define Malthusian theory. How is it applicable in the Indian Population

==

314-NR-FOURTH YEAR B.Sc(NURSING) DEG. EXAMS-APRIL., 2006-

4 YDC-Introduction To Nursing Research & Demography-(New Regulations)

PART-A-Nursing Research

1..a). What are the various tools used for data collection?=5m

b). Describe in detail about interview schedule?=10m

2..Discuss the importance of Research in Nursing?=15m

3..a). What are the different research approaches used in Nursing Research=5m

b). Explain one in detail=10m

4..Write short notes on any THREE of the following: 3 x 5 =15m

a). Independent and dependent variable b). Assumptions and Hypothesis

c). Random sampling and purposive sampling d). Primary and Secondary source of data

PART-B-Demography

5.. a). Explain the causes of over population in India=15m

OR

b). Explain the health problems faced by urban slums.

314-NR-FOURTH YEAR B.Sc(NURSING) DEG. EXAMS-NOV.,2005-

4 YDC-Introduction To Nursing Research & Demography-(New Regulations)

PART-A-Nursing Research

1..What are the different types of research? Explain any TWO with illustrations?=15m

2..Explain the experimental method in Research with illustration=15m

3..Explain the importance of Review of Literature in Research. State the important principles to be followed in writing Review of literature.=15m

4..Write short notes on any THREE of the following: 3 x 5 =15m

a). Observation technique

b). Survey

c). Operational definition

d). Limitation

PART-B-Demography

5..What is fertility. Explain the factors influencing fertility with illustration=15m

OR

Explain the fertility related statistics in detail

314-NR-FOURTH YEAR B.Sc(NURSING) DEG. EXAMS-NOV.,2004-
4 YDC-Introduction To Nursing Research & Demography-(New Regulations)

PART-A-Nursing Research

- 1..a). What is research? Explain the types of Research=8m
b). Describe historical evolution of research=7m
- 2.. a). Explain the various techniques used for data collection=8m
b). Explain the merits and demerits of interview technique=7m
- 3.. Define sampling. Explain various methods of sampling with illustration=15m
- 4.. Write short notes on any THREE of the following: 3 x 5 =15m
 - a). Review of related literature
 - b). Nursing theories
 - c). Hypothesis
 - d). Variables

PART-B-Demography

- 5.. a). What is population policy? Explain=7m b). Explain new revised population policy=8m
OR
Explain contraceptive methods=15m

314-NR-FOURTH YEAR B.Sc(NURSING) DEG. EXAMS-APRIL.,2004-
4 YDC-Introduction To Nursing Research & Demography-(New Regulations)

PART-A-Nursing Research

- 1..a). What is research? Why we need?=7m b). Why statistics is important for research?=8m
- 2..a) What are variables and explain with examples=7m b). Write on hypothesis=8m
- 3.. "There is wide gap between theory and nursing practice" Discuss the research methodology to this study=15m
- 4.. Write short note on any THREE of the following: 3 x 5 =15m
 - a). Validity
 - b). Operational Definitions
 - c). Data collection
 - d) Probability

PART-B-Demography

- 5.. a). Explain current mortality and morbidity rates in relation to research=7m
b). Discuss the means to improve them=8m
OR

- 6.. a). Explore the possibilities to check population explosion=7m
b). How literacy will help in this matter=8m

Q.P. CODE:345-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA
FOURTH YEAR B.Sc (Nursing) DEGREE EXAMINATIONS – AUGUST, 2021

Community Health Nursing – II-(New Scheme)-Time : 3 Hours-Max. Marks: 75-Answer
The Following Questions

Write an essay on any TWO of the following= 2 X 15=30m

- 1..a). List down the national health programmes in India=5+10m
b). Explain the revised national tuberculosis prevention programme
- 2..a) Explain the concepts related to community health nursing=5+10m
b) Illustrate the roles and functions of community health nurse
- 3..a). Define vital statistics=5+10=15m b). Explain the methods of compiling vital statistics

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..List down IPHS standards of primary health care 5..Explain on planning Cycle
- 6..Applied Nutrition Programm 7.Explain on importance of meditation and yoga in human health

- 8..Methods of breast self examination 9..Steps of epidemiological approach
- 10..Functions of Director General of Health Services

Write brief answers on the following: 10 x 2 =20m

- 11..Define demography 12..Define Emergency contraception
- 13..Enumerate the advantages of Counseling for the HIV/AIDS patients
- 14..List down the aspects of Secondary prevention 15..Define Epidemic
- 16..Enlist the benefits of breast feeding to the mother 17..Enumerate the functions of Anganwadi
- 18..Calculation of BMI 19..List the Millennium Development goals - 1,4,5,6
- 20..Define measures of mortality

Q.P. CODE:345-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – FEBRUARY, 2021
Community Health Nursing – II-(New Scheme)-Time : 3 Hours-Max. Marks: 75-Answer

The Following Questions

Write an essay on any TWO of the following=2 X 15 =30m

- 1..a) Define occupational health services=5+10=15m
b) Explain in detail about occupational hazards and role of community health nurse in its prevention.
- 2..a) Enlist health administration system in India=5+10=15m
b) Explain central level administration in India.
- 3..a) Enumerate the social mobilization skills=15m
b) Explain behaviour change communication and soft skills.

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Aspects of school health programme
- 5..Mother and Child Tracking System (MCTS)
- 6..Women empowerment
- 7..Role and responsibilities of Mid Level Health Care Provider (MLHCP)
- 8..Principles of primary health care
- 9..Referral system
- 10..Food Adulteration Act

Write brief answers on the following: 10 x 2 =20m

- 11..Mention any four records maintained in the sub center
- 12..Classify the types of waste
- 13..Define primary health care
- 14..List down the benefits of ESI Act
- 15..Define Health team
- 16..Enumerate the methods of health education
- 17..List four health problems of elderly
- 18..Define Electronic Medical Records (EMR)
- 19..Write four roles and responsibilities of ASHA
- 20..Define standing order

Q.P. CODE:345-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

Write brief answers on the following: 10 x 2 =20m

- 11..List out the functions of Red Cross
- 12..Enumerate the advantages of Mid-day Meal Programme
- 13..Enlist the uses of Records and Reports prevention
- 14..Enumerate the levels of
- 15..List out the aspects of Communication Education
- 16..Enumerate the principles of Health Education
- 17..Enlist the recommendations of Bhore Committee
- 18..Enumerate the principles of home visit
- 19..Enumerate the role of Nurse in National Health Programmes
- 20..Define Health Planning

Q.P. CODE:345-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2019

Community Health Nursing – II-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

- 1..a) Define Supervision=3+12=15m
b) Explain the qualities and techniques of supervision adopted in Rural Health Services
- 2..a) Name the sexually transmitted diseases=5+10=15m
b) What is the role of the Community health nurse in prevention of AIDS
- 3..a) Define community diagnosis=3+12=15m
b) Discuss the steps you follow while doing home visit.

Write short notes on any FIVE of the following:5 x 5 =25m

- 4..Explain about Universal Immunization Programme
- 5..Objectives and activities of UNICEF
- 6..Health Insurance Schemes
- 7..Role of nurse in disaster
- 8..Applied Nutrition Programme
- 9..Write in short about care of the sick at home
- 10..Enumerate the legal aspects of records

Write brief answers on the following:10 x 2 =20m

- 11..List down types of accidents
- 12..Enumerate factors involved in prevention of disease

- 13..List the five functions of ASHA
 14..List the conditions under which pregnancy can be terminated
 15..List down the objectives of under five clinic 16..Define BCG vaccine
 17..Enumerate the methods of Health Education
 18..Enlist the measures taken to eradicate polio myelitis
 19..Enumerate the functions of Primary Health Centre 20..Define target free approach

Q.P. CODE:345-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2018

Community Health Nursing – II-(New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following= 2 X 15=30m

- 1..a) Enlist ten diseases attributed to environmental sanitation.
 b) Explain the role of health personnel in promoting community participation for solid waste management=5+10=15m
 2..a) Enlist the components of RCH programme=5+10=15m
 b) Discuss the role of Community Health Nurse in RCH programme.
 3..a) Define supervision=8+7=15m
 b) As a supervisor what is your role in the development of Personnel at Primary Health Center level.

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Explain functions of Central Council of Health 5..Nutritional problems of under-fives
 6..Enlist functions of Primary Health Center Act 7..Explain provisions of MTP
 8..Describe Anaemia prophylaxis in pregnancy 9..List out the activities of UNICEF
 10..Explain appropriate management of household waste
 Write brief answers on the following: 10 x 2 =20m
 11..List down beneficiaries of ESI scheme 12..Define Primary Immunization

- 13..Name commonly abused substances 14..Mention the eligibility for being DOTS providers
 15..Define Food Fortification? 16..Name the Anti-larval measures for vector borne diseases
 17..Identify the eligibility criteria for Category II of RNTCP 18..Expand DANIDA and ILO
 19..Define family planning 20..Illustrate calculation of Body Mass Index

Q.P. CODE:345-DR NTR University Of Health Sciences :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – NOVEMBER, 2017

Community Health Nursing – II- (New Scheme)-Time : 3 Hours-Max. Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

- 1..a) Define Occupational Health=3+12=15m
b) Explain on engineering measures taken to prevent Occupational Diseases.
 - 2..a) Enumerate the principles of School Health Programme=3+12=15
b) Explain the role of Community Health Nurse in School Health Programme.
 - 3..a) Discuss the family welfare Programme in India=7+8=15m
b) Explain the role of nurse in the family welfare Programme.
- Write short notes on any FIVE of the following: 5 x 5 =25m
- 4..Employees State Insurance Scheme
 - 5..Women empowerment
 - 6..Management Information System Care
 - 7..Elements of Primary Health Care
 - 8..Revised National Tuberculosis Programme explosion
 - 9..Causes of population explosion
 - 10..Applied nutrition Programme
- Write brief answers on the following:10 x 2 =20m
- 11..List the advantages of Active Surveillance
 - 12..Enumerate the causes of Infertility
 - 13..List the functions of Health Team
 - 14..List four uses of Records
 - 15..Enumerate any four responsibilities of Community Health Nursing Supervisor
 - 16..Write the staffing pattern of primary health centre
 - 17..Enumerate the prevention of Heart diseases
 - 18..Define Panchayathi Raj
 - 19..List the functions of World Bank Blindness
 - 20..Enumerate the causes of Blindness

FOURTH YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – NOVEMBER, 2015

Community Health Nursing-PART-II-Time:3 Hrs-Max. Mrks: 75-Answer the following

Write an essay on any TWO of the following=2 X 15=30m

- 1..a) Define health education=2+5+8=15m b) Components of health education.
c) Role of Nurse in health education.
- 2..a) Explain the RCH programmes in our country=7+8=15m
b) Explain the role of Community Health Nurse in RCH Programme.
- 3..Discuss the Community Health Organisation and administration at State Level=15m
- Write short notes on any FIVE of the following: 5 x 5 =25m
- 4..Primary prevention 5..Inter-Sectoral co-ordination 6..Transmission of

disease

7..Community Diagnosis 8..Referral Services 9..National Malaria Control Programme

10..List major functions of supervision

Write Brief Answers of the following: 10 x 2 =20m

11..Define PHC 12..Enumerate any four National Health Policies

13..Draw a organization chart of sub centre
quarantine

14..Define international

15..Name four A.V. Aids used in Health Education

16..Define VHG (Village Health Guide)

17..List any four occupational diseases

18..Enlist the objectives of School Health Programme

19..Expand CSSM

20..List any four functions of PHC.

319-Dr. NTR University of Health Sciences:AP:Vijayawada – 520 008
FOURTH YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – JUNE, 2015

Write an essay on any TWO of the following=2 X 15 =30m

1..i) Define MCH=2+5+8=15m ii) Enlist aims and objectives of MCH service
iii) Role of Nurse in MCH programme.

2..i) Describe the components of school health programme=7+8=15m

ii) Explain the role of Community Health Nurse in school health programme.

3..i) Enlist aims of occupational health=2+3+10=15m ii) Describe scope of occupational health.

iii) Explain the role of Nurse in occupational health.

Write short notes on any FIVE of the following:5 x 5 =25m

4..Concept of RCH

5..Occupational hazards

6..Principles of health education

7..Ninth five year plan

8..List the objectives and components of under five clinic

9..Planning Commission of India

10..Techniques of supervision

Write Brief Answers of the following: 10 x 2 =20m

11..Define well baby clinic
India

12..List the major Nutritional problems in

13..Enumerate four functions of MPHWF)

14..Define CSSM

15..Draw a organizational chart of a sub-centre

16..Define Community participation

17..Define Infant mortality rate

18..Write any four Nutritional Health Policies

19..List four health committees in India

20..Define health survey

319-FOURTH YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – JUNE, 2014

Community Health Nursing-PART-II- (Common for both NR & OR)-Time: 3Hrs-Max.Mrks:

75

Write an essay on any TWO of the following=2 X 15 =30m

1..i) What are the importance and objectives of school health services?=7+8=15m

ii) List out the role of School Health Nurse in rendering School Health Services.

2..i) Mention the objectives and activities of Reproductive and Child Health Programme=7+8

ii) Explain the role of Community Health Nurse in implementation of this programme.

3..Explain the Health Organization and its functions at State Level in India=15m

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Health Planning
- 5..Recommendations and guidelines of Mudaliar Committee
- 6..Elements of Evaluation
- 7..Nutritional problems in India.
- 8..Principles of Health Education
- 9..Prevention of occupational diseases
- 10..Panchayati raj

Write Brief Answers of the following: 10 x 2 =20m

- 11..Define RCM
- 12..List the principles of PHC
- 13..Enlist the purposes of Health Sector Planning
- 14..Enumerate the principles of Mid-day Meal Programme
- 15..Name four Zoonotic diseases
- 16..Define food safety
- 17..What are the factors influencing Neonatal Mortality Rate
- 18..List the principles of Baby friendly hospitals
- 19..Define Grama Sabha
- 20..How will you calculate MMR

319-FOURTH YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – JUNE, 2013

1..Write an essay on any TWO of the following=2 X 15 =30m

- a) Explain current trends in the practice of community health nursing.
- b) Explain international health measures for prevention and transmission of disease.
- c) i) Define health education=2+5+8=15m ii) Components of health education
iii) Role of Nurse in health education

2..Write short notes on any FIVE of the following:5 x 5 =25m

- a) Role of community health nursing in primary health centre
- b) National Tuberculosis control Programme
- c) Referral services
- d) Community participation
- e) Tertiary prevention
- f) Community diagnosis
- g) List major functions of supervision

3..Write Brief Answers of the following: 10 x 2 =20m

- a) Define PHC
- b) List the major health problems of India.
- c) Enumerate any four functions of occupational nurse
- d) Define CSSM
- e) Draw a organizational chart for sub centre
- f) Define health survey
- g) List any four health problems of aged
- h) Maternal mortality rate
- i) Write any four National Health Policy
- j) Role of village health guide in sub centre

319/1611-FOURTH YEAR B.Sc(Nursing) Degree Examinations – JUNE, 2012

Community Health Nursing – PART-II-Time : 3 Hours-Max. Marks: 75

1..a) Enlist the Major Health Problems related to Industrialization=7+8=15m

b) Enumerate the general and specific measures to be adopted in protecting the health of

Industrial workers?

2..a) Define Reproductive and child Health=2+3+10=15m

b) List out the objectives of RCH services

c) Explain the role of community health Nurse in organizing and conducting RCH Programme

3..Write short notes on any THREE of the following=3 x 5=15m

- a) National Health Education Plan
- b) Mid day Meal Programme
- c) MCH Programme
- d) Principles of Community Health Administration

e) International Health Measures to prevent and control communicable diseases.

4..Explain in detail the Methods of Health Education=15m

5..a) What is ASHA?=5+10=15m

b) Enlist the role and responsibilities of ASHA in creating awareness among Community people

regarding prevention of diseases and services available

- 6..Write short notes on any THREE of the following:3 x 5
- Planning Commission of India – Recommendations and salient features.
 - Strategies of Child Survival and Safe Mother hood.
 - Scope of school Health Services
 - National Programme for Prevention of Visual impairment and control of Blindness
 - Recommendations of Mudaliar Committee

345-FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2011

Community Health Nursing – II-(New Scheme)-Time : 3 Hours-Max. Marks: 75

- 1..Explain the role of a Community Health Nurse as Industrial Nurse in organizing health programmes at Industrial levels=15m
- 2..Describe briefly the health care delivery system in India from National level to Local Level?=15m
- 3..Enlist the various vertical health programmes in India. Explain the National Tuberculosis Programmes=15m
- 4..Enlist the voluntary organizations. Describe the role of voluntary organizations in improving health of the community=15m
- 5..Discuss the Family Welfare Programmes in India and explain the role of Nurse in Family Welfare Programmes=15m
- 6..Write short notes on any THREE of the following: 3 x 5
 - Panchayat Raj.
 - Indicators of Health.
 - Responsibilities of School Health Nurse.
 - Vitamin-A prophylaxis programme
 - National Health Policy.

319-FOURTH YEAR B.Sc(Nursing) Degree Examinations – NOVEMBER, 2010

Community Health Nursing – PART-II-(Common for both NR & OR)-Time:3 Hrs Max.Mrks: 75

- 1..a) Define Community Administration=7+8=15m
b) Explain the organization of health care system at centre level.
- 2..a) Define school health services=2+3+10=15m
b) List the objectives of school health services.
c) Discuss the role of community health nurse in school health programme.
- 3..Write short notes on any THREE of the following: 3 x 5
 - Baby friendly hospitals
 - Recommendations of health survey and planning committee
 - Principles of health education
 - RCH Programme
- 4..Explain in detail the methods of nutritional assessment=15m
- 5..a) Define occupational health=2+5+8=15m
b) ESI Act
c) Role of Community health nurse in prevention of occupational hazards.
- 6..Write short notes on any THREE of the following:3 x 5
 - Role of community health nurse in supervision
 - Evaluation of health services
 - Mass Medias for health education
 - Occupational hazards
 - 9th five year plan

319-FOURTH YEAR B.Sc(Nursing) Degree Examinations – JUNE, 2010

Community Health Nursing – PART-II-(Common for both NR & OR)-Time:3Hrs-Max.Mrks:75

- 1..Explain the organization of health care system in centre, state and local level=15m
- 2..a) Define RCH=2+6+7=15m
b) Explain the components of RCH programme.
c) Discuss the RCH intervention in district level.
- 3..Discuss the role of community health nurse in MCH Services=15m
- 4..Write short notes on any THREE of the following=3X5=15m

- a) Community health administration
- b) Trends in community health nursing
- c) Measures for disease prevention
- d) Objectives of school health services
- e) Factories Act

5..Explain the common nutritional problems of India=15m

6..Write short notes on any THREE of the following=3x5=15m

- a) Health Education
- b) Occupational diseases
- c) Evaluation of health services in India
- d) Supervision of ANM
- e) Research in Community Health

319-FOURTH YEAR B.Sc(Nursing) Degree Examinations – NOVEMBER, 2009

Community Health Nursing – PART-II- (Common for both NR & OR)-Time:3 Hrs-Max.Mrks:

75

1..Define Health, What are the general “stages of evaluation” taken in health services=15m

2..Explain in detail about the Administrative Organisation at State, District and Local level=15m

3..Define ‘Reproductive Child Health Programme’ and what are the integration taken in all Districts Level?=15m

4..Write short notes on any THREE of the following=3X5=15m

- a) Minimum Needs Programme
- b) 20 Point Programme
- c) National Cancer Control Programme
- d) National Diabetes Control Programme

5..Write in brief about Nutritional problems in Public Health. Explain your role as a Community

Nurse=7+8=15m

6..a) Explain the principles of supervision in the Community.

b) Role of Community Health Nurse in Supervision=7+8=15m

7..Write short notes on any THREE of the following=3x5=15m

- a) Health Problem due to industrialization
- b) Health Protection of Worker
- c) Principles of Health Education
- d) Maintenance of Records in MCH

Services

319-FOURTH YEAR B.Sc(NURSING) DEGREE EXAMINATIONS – JUNE, 2009

Community Health Nursing – PART-II- (Common for both NR & OR)-Time:3Hrs-

Max.Mrks:75

1..Write the responsibilities of a Community Health Nurse in R.C.H. Programme=15m

2..Write short notes on any THREE the following=3x5=15m

- a) The main highlights of the Rural Child Health Programme (R.C.H.)

13..Define inventory?

14..List the characteristics of a good leader

15..Write the difference between protocol and manual.

16..Enumerate the characteristics of professional nurse

17..Define adult learning

18..Enumerate the importance of nursing audit?

19..Name the regulatory bodies of nursing profession

20..Enumerate the current advanced career opportunities in nursing

347-DR NTR UNIVERSITY OF HEALTH SCIENCES :: AP :: VIJAYAWADA

FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2015

Management Of Nursing Services And Education-(New Scheme)-Time : 3 Hours-Max.

Marks: 75

Write an essay on any TWO of the following=2 X 15 =30m

1..Define Human Resource Management. Discuss the functions of Human resource department

2..Explain the role of Head Nurse in equipments and supplies=15m

3..Discuss current trends and issues in nursing=15m

Write short notes on any FIVE of the following:5 x 5 =25m

4..Collective Bargaining

5..Job description of a Principal of the college of Nursing

6..Institutional records

7..Functions of management

8..Nursing protocols

- 9..Bench marking 10..Principles of Organization
Write Brief Answers of the following: 10 x 2 =20m
11..Define Coordination 12..Enumerate the purposes of nursing rounds
13..Enlist the types of Leadership styles 14..List the non-verbal communication
15..Enumerate the principles of records and reports 16..List the International Agencies
17..Define patient care units 18..Enumerate the uses of clinical rotations 19..Define affiliation
20..Enlist the functions of SNC

347-FOURTH YEAR B.Sc(Nursing) Degree Examinations – NOVEMBER, 2014

Management Of Nursing Services And Education- (New Scheme)-Time : 3 Hrs-Max.
Marks: 75

- Write an essay on any TWO of the following=2 X 15=30m
1..Explain the theories of management=15m
2..Describe the leadership styles and functions of a nurse leader=15m
3..Explain the different types of patient assignment with its merits and demerits=15m
Write short notes on any FIVE of the following: 5x 5 =25m
4..Quality Assurance Model 5..Public relations in a hospital
6..Techniques of communication 7..Scope of In-service education programmes
8..Nursing protocols 9..Nurses role in maintenance of discipline
10..Tools of supervision

Write Brief Answers of the following: 10 x 2 =20m

- 11..Enumerate the uses of anecdotal reports 12..Define work schedule
13..Define Manuals 14..List the functions of Consumer Protection Act
15..Define Hierarchy 16..List the advantages of Job description
17..Enumerate the types of Nursing audit 18..Classification of hospitals
19..List the advantages of a budget 20..Define Personnel Management

347-FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – JUNE, 2014

Management Of Nursing Services And Education- (New Scheme)-Time : 3 Hrs-Max. Mrks:
75

- Write an essay on any TWO of the following=2 X 15 =30m
1..Define quality assurance. Discuss the methods adopted to maintain quality in a hospital=15m
2..What is an inventory? Discuss the role of a nurse manager in the maintenance of supplies and equipments in the wards=15m
3..Define public relations. Discuss the role of a nurse in maintaining optimum public relations in hospital=15m

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Supervisory techniques 5..Leadership styles 6..Nursing Audit
7..Records and Reports maintained in a College of Nursing 8..Team nursing
9..Nursing Rounds 10..Job description of Nursing Superintendent

Write Brief Answers of the following:10 x 2 =20m

- 11..Enumerate the advantages of adult learning 12..Define Malpractice
13..Write any four principles followed in recruitment dynamics 14..List the importance group
15..Enumerate types of Staff welfare programmes 16..Define PERT
17..Write any four INC code of ethics 18..Define cost benefit analysis
19..Enumerate any four qualities of a good leader 20..Define Administration

347-FOURTH YEAR B.Sc(Nursing) DEGREE EXAMINATIONS – DECEMBER, 2013
Management Of Nursing Services And Education-(New Scheme)-Time : 3 Hours-Max.
Marks: 75

- 1..Write an essay on any TWO of the following=2 X 15 =30m
- a) What is meant by personnel policies? Discuss the role of nurse administrator in recruitment and appointments.
 - b) List the qualities of a good supervisor. Discuss the stages and activities of supervisory techniques.
 - c) Define material management. Discuss the role of nursing personnel in material management.
- 2..Write short notes on any FIVE of the following:5 x 5 =25m
- a) In-service education programme
 - b) Medico-legal aspects in nursing
 - c) Nursing audit
 - d) Factors responsible for good human relations
 - e) Methods of reporting
 - f) Code of ethics
 - g) Accreditation
- 3..Write Brief Answers of the following:10 x 2 =20m
- a) Enumerate any 4 importance of records and reports
 - b) Define Span of Control
 - c) Enumerate the uses of collecting bargaining
 - d) Define hospital
 - e) Enlist the advantages of budgeting
 - f) Define breach in management
 - g) Define affiliation
 - h) List 4 importance of quality control
 - i) Inventory
 - j) Enumerate four advantages of job analysis

==

Midwifery And Obstetrics - PART – II-(New Scheme)-Time : 3 Hours-Max. Marks: 75
Answer The Following Questions

Write an essay on any TWO of the following: 2 X 15 =30m

- 1..Mrs Gita is antenatal with 8 weeks of gestation and is admitted with hyperemesis gravidarum=3+5+7=15m
 - a). Define hyperemesis gravidarum and list down the etiology
 - b). Enumerate the features of hyperemesis gravidarum
 - c). Explain the nursing care of a woman with hyperemesis gravidarum
- 2..Mrs Meena is in labor and a ventouse is applied=3+5+7=15m
 - a. Define a ventouse and list the indications
 - b. Describe the application of a ventouse
 - c. Explain the nurse's role in application of a ventouse
- 3..Mrs Veena is diagnosed with post-partum haemorrhage=3+5+7
 - a. Clinically define post-partum haemorrhage and list the types
 - b. Enumerate the causes for atonic uterus
 - c. Explain the steps of manual removal of placenta

Write short notes on any FIVE of the following: 5 x 5 =25m

- 4..Anatomy of the uterus
- 5..Complications of vesicular mole
- 6..Management of hydramnios
- 7..Complications in a premature baby
- 8..Nurse's role during administration of oxytocin
- 9..Natural method of contraception
- 10..Nurses role in adolescent pregnancy

Write brief answers on the following: 10 x 2 =20m

- 11..Structure of the umbilical cord
- 12..List down the indication of induction of abortion
- 13..Enumerate the clinical features of placenta membranacea
- 14..Define Battledore placenta
- 15..List down the causes of anaemia in Indian women
- 16..Define post term pregnancy
- 17..Define ARM
- 18..Define IUD
- 19..Enlist the symptoms of scar dehiscence
- 20..Enumerate the complication in an antenatal elderly primigravida
